

Welcome to A Levels 3 Year Pathway

About this course:

This pathway is available to applicants who may have not previously studied GCSEs and provides academic foundations in GCSE English, maths, psychology and business.

Our A level courses can lead to higher education or can develop practical skills demanded by employers.

Skills you will gain on this course:

On this course you will develop evaluation and analytical skills which will allow you to analyse and solve problems. Continuing down the Social Science pathway, you will gain knowledge and awareness of the social, political and historical forces which shape society. You will have the opportunity to examine theoretical perspectives and their application to both historical and contemporary issues facing individuals and societies.

If you go down the Business and Law pathway you will gain a strong understanding of business by studying topics such as business objectives and strategy, entrepreneurship, global business, marketing, finance, human resources and operations management. Alongside the IT element which will give you a range of specialist knowledge and transferable skills.

Some students' experiences on our A Level Pathways:

Read this article to find out more about our student's experience on this course and how they have found it: <https://keighleycollege.ac.uk/news/a-level-experience>

Next steps after this course:

On successful completion in year one, you will progress on to either the Social Science Pathway or Business or Law Pathway in years two and three.

Until you arrive at college, keep checking our website, social media and Applicant Hub for updates and even some activities to do before we meet you in September.
