

Welcome to Plumbing Level 2 Technical Certificate

About this course:

This course is suitable for anyone with a keen interest in plumbing who wishes to develop their knowledge, skills and understanding. You will also learn some basic construction skills which will be beneficial if you secure work on a site in future. This course is an ideal stepping stone for those wishing to start a career in plumbing. You will cover units on heating, building services and engineering in construction.

Modules:

- Health and Safety in Building Services Engineering
- Electrical Principles and Processes for Building Services Engineering
- Scientific Principles for Plumbing
- Common Plumbing Processes
- Cold Water systems
- Domestic Hot Water Systems
- Sanitation
- Central Heating
- Drainage Systems
- Communication

Next steps after this course:

After this course, you can continue your studies at Keighley College with our Level 3 course or go into employment.

Our facilities:

Until you arrive at college, keep checking our website, social media and Applicant Hub for updates and even some activities to do before we meet you in September.
