

Welcome to English and Maths

This is Emma Walch and Jamie Sunter, English and Maths Programme Managers for Service Professions and Technology. As programme managers, they are here to ensure you have the best possible experience in your English and Maths lessons.

About this course:

If you are aged 16-19 and have not achieved a grade 4 in English and Maths, you will have the opportunity to retake them at Keighley College as part of your vocational qualification. If you are over 19, we have a number of options to support you in achieving your English and Maths goals.

Your English and Maths lessons will form part of your weekly timetable with a dedicated subject specialist teacher. Teachers and study coaches will work with you to ensure you build your skills and confidence around the subjects, and work towards your career goals. Your lessons will focus on improving your knowledge and your teachers will be working closely with your vocational team to ensure you are able to meet all of the course requirements.

To get a head start, have a look at these websites:

Maths: <https://www.bbc.co.uk/bitesize/examspecs/z9p3mnb>

Next steps after this course:

Anything is possible! Achieving grade 4 in English and Maths is the gateway to higher education and career progression, so let us support you in opening up a world of opportunities.

Until you arrive at college, keep checking our website, social media and Applicant Hub for updates and activities to complete before we meet you in September.
