

Welcome to Health and Social Care

Level 1 Introduction to Health & Social Care and Children's & Young People's Settings

About this course:

This course provides a general introduction to working within the Health and Social Care sectors. This qualification will broaden your knowledge of the various areas within the Health, Social and Childcare sectors. They include the roles played by workers, from principles and values through to health and safety and working with others.

In addition to your lectures, you have the opportunity to gain work experience and find out what it's really like to work in the sector.

Modules:

- Human growth and development
- Introduction to a healthy lifestyle
- Understand the range of service provision and roles within health and social care for adults and children
- Introductory awareness of working with others in health, social care and children's and young people sectors
- introduction to the physical care of babies and young children
- Understand the importance of engagement in leisure and social activities in health and social care

Next steps after this course:

After this course we hope you will continue to study with us and progress onto our Level 2 Health and Social or Childcare courses or gain an apprenticeship. Alternatively, you can go into employment in a care setting.

Until you arrive at college, keep checking our website, social media and Applicant Hub for updates and even some activities to do before we meet you in September.
