

# Careers bingo

Careers bingo is here to help you find the right pathway to your career goal. It's okay if you're unsure, so think about what you're interested in and what you're good at.

Use this bingo card to help with your steps. Once you've completed each task, mark it off and – with the information you've found – make a post, PowerPoint or video to showcase your research.

Post it on social media and tag us @leedscitycoll with the hashtag #LCCCareerBingo

  - Weaknesses can be tricky. An example could be handing your homework in late. This isn't a great example of organisation or time management.
  
- 8. Why do you want to pursue this career?**
  - Will you be happy in the career?

- 9. Are there jobs available within this environment?**
  - Research the demand in your chosen career. Is there a need for more?
